Sound Transit East Link – Final Design Project

The firms of HNTB, Jacobs, and Hatch Mott MacDonald have formed a partnership, H-J-H Final Design Partners, for the purposes of pursuing Final Design services for Sound Transit's East Link Light Rail Project. H-J-H firms bring a proven history of Sound Transit light rail design experience and an established commitment to the local Small Business Community. With our core team in place, we are excited to engage the participation of small businesses. Our goal is to identify additional team members that enhance our capabilities to deliver light rail to the Eastside.

H-J-H Final Design Partners invites all Minority, Women, Small, and Disadvantaged Businesses to attend an outreach workshop regarding the East Link Project. All OMWBE/DBE certified firms and those seeking certification are encouraged to attend.

Come hear about the proposed opportunities, our team, and our primary needs:

**Light Rail Design • Civil Engineering • Structural Engineering • Mechanical Design • Electrical Design
Utility Design • Maintenance of Traffic • Station Architecture • Landscape Architecture • Urban Design
Environmental • Geotechnical • Project Controls • Constructability Reviews • Surveying • Right-of-Way**

We invite your firm to learn more about the East Link project, meet our team, and visit with us to explore East Link. Our team leaders and members will conduct a short presentation and be available for one-on-one discussions. We would like to better understand your firm, while answering questions regarding how you can become part of the H-J-H Team. For your convenience we are offering two sessions for this important event. The opening session is in Seattle followed by Bellevue, but space is limited. To assure your attendance register today. Also, please complete the attached information form.

There is no cost to attend these informative sessions. Light refreshments will be served.

Registration and questions: contact Magda Palmer, Magda@pccus.com or 206-228-4452.
